The History of CYMS St Edmund's Swimming Club

The club was formed pre 1914 being part of the Catholic Young Members Society, which was a sport and cultural association. The association comprised many groups offering a range of sporting activities such as swimming, tennis, football and cycling.

Over the years, groups left the association and formed their own clubs, many adopting the "Brothers" name. Swimming retained the original name, which was shortened to CYMS. In 1995 the club aligned itself with one of Queensland's oldest schools, St Edmund's College, adopting the current name - CYMS St Edmund's Swimming Club. It is an incorporated association and is affiliated with Swimming Queensland.

SENIOR COACH'S WELCOME

MR SIMON SMITH

As a new season of swimming gets underway and I begin my journey with CYMS and St Edmunds College I hope we will have a great season of fun, participation, and, competition.

I aim to target an area of development within our club and its participants and the focal point will be being a TEAM. With the focus on Team we will be endeavouring to provide more group activities, more group competitions and more interaction across all squads and age groups.

We have already witnessed the potential of our team at the Brisbane Swimming Short Course Championships and I believe that across the coming season we have many meets that are about participation as a team and it is my belief that we will be able to deliver a strong representation at meets such as the Qld Relay Champs, BSA relay champs and other local meets.

I am endeavouring to undertake a training camp over the next year and have much more in planning that incorporate all-age groups training, social outings, competitions and further group education and swimming experiences.

In each of the competitions at Local, Brisbane and Queensland we will be targeting a stronger attendance and overall performance than the previous seasons success, which based on last season's great results is a big goal and ambition but I believe each and every member of the club is up for the challenge.

Our club is the first stepping stone in a long journey for a younger swimmer that we hopefully can nurture into great aspirations. But this cannot happen alone so don't be shy in becoming involved in club activities. It can only make our club better.

Once again, welcome to a new season, enjoy being part of the team and get behind all things CYMS St Edmunds.

HEAD COACH
SIMON SMITH

GENERAL INFORMATION

AIMS OF THE CLUB

The aim of CYMS - St Edmund's Swimming Club is to provide the opportunity for each swimmer to develop to his/her potential, to participate in a friendly, caring environment and to form team spirit whilst enjoying the sport of swimming. As a member of Swimming Queensland, the club offers members the opportunity to participate in club, inter club, regional, state and national events.

POINTS TO REMEMBER

- We aim to help parents gain a positive perspective of this sport.
- Swimming must be FUN for the kids.
- If you have any questions, please ask one of our committee members.
- You are welcome to attend swim club meetings, held monthly at St Edmunds College – check newsletter or club website for next meeting date.

KICKBOARDS > 12½ METRE > 25 METRE > 50 METRE > - OF EACH STROKE >

To assist with the smooth running of the night all swimmers should:

- REPORT to the Check Starter following the announcement for their event
- LISTEN for their name as they are only called ONCE.
- MOVE directly to their swimming lane once directed to by the Check Starter
- When the Starter blows the first "READY" whistle swimmers are to stand ON OR BESIDE their block (or enter water for Backstroke)
- Starter will announce "TAKE YOUR MARK" swimmers will assume their ready positions.
- Swimmers will start the race at the sound of a loud beep/whistle or allotted handicap. The ONE START RULE will apply. (See below for details on the ONE START RULE)
- During the race the swimmer may use the ropes or the bottom of the pool for support and/or rest, but must stay in a stationary position. If any assistance is used by pulling on the ropes or walking or pushing off the pool bottom the swimmer will be disqualified.

- ALL swimmers stay in the water until the end of the event when the referee's whistle will signal the swimmers to leave the water by the side steps - (NOT OVER THE END OF THE POOL BESIDE THE BLOCKS).
- Leave the pool immediately on the instructions of the officials.

ONE START RULE

This club will be using the ONE START RULE. This rule is used at all external carnivals and it is important that the swimmers learn this procedure at club level.

The procedure for this starting rule is as follows:

- ONE START RULE means that any swimmer who enters the water or moves before the starting signal will be disqualified.
- The FIRST START IS THE START of the race. The race **may not** be recalled if somebody false starts.
- The swimmer who breaks will be disqualified at the end of the race.
- At the start swimmers must take up their start positions and **remain stationary** until the starting signal. **Any** movement may be deemed as a false start.

At the end of the season, a trophy will be awarded to the swimmers with the most points.

INTERCLUB EVENTS

The BSA has introduced Divisional Meets, where clubs within a division compete at a swim meet, hosted by one of the clubs from that division.

Swimmers wishing to compete in interclub events, Swimming Queensland events should approach the Race Secretary for nomination forms and details. Look for information on these events on the SQ Happening Calendar www.qld.swimming.org.au events promoted by the swim school are advertised in the club newsletter and on the club website.

Swimmers must complete forms electronically (via the swim site of the club hosting the event) or via Swimming Queensland. You will be provided with a log in and password to events by the CYMS race secretary. It is the responsibility of the swimmer to ensure nominations are sent prior to the closing date nominated by the host of the event.

Swimmers who nominate for competition swims must be a financial member of this club and have had at least TWO (2) swims (in a stroke) with our club to enter the distance and stroke.

TROPHIES

Where a swimmer obtains a placing in more than one stroke his/her points can be totalled and one aggregate trophy/award MAY BE presented.

EQUAL POINTS

In the case of a tie being granted, the following rule will be applied.

The following place, equal to the number of swimmers in the tie, WILL NOT be awarded.
